RESTAURANT INFO IS LACKING...

There are no familiar "fast food" places close to the site.

The restaurant on site does not regularly open until 6pm.

It is possible that will change if we can work something out and we will keep you posted at bridgeinchicago.com if anything changes.

There is a "gift shop" where you can pick up chips or snacks and cold beverages...

We recommend you bring a sandwich or other lunch/snack choice from home for your convenience.

There are some small "strip mall" type places nearby but their hours of operation are unclear. When surveying the area, these places were not open so we have no actual information as to food type or availability.
